---

It will always be our endeavour to supply the very best Bulbs, true to the description given in this catalogue, but it is a condition of sale of all Bulbs sent out by us, that, though we give you our assurance that we are using all reasonable care in the selection, we accept no responsibility in regard to the crop or failure of crop. All orders are booked on the understanding that these conditions are agreed to and we also notify to the same effect on the invoice. If the conditions are not acceptable to you the goods should be returned at once.

Quotations are without engagement, but where the price is mentioned on the order we will refer back for confirmation if an increased rate has to be charged. If we fail to do this, the goods can be returned if the price is not approved.

When we are unable to supply the exact variety ordered, we use our best judgment as to substituting other varieties. Any such substitutions are always made with a due regard to season, locality and other conditions so far as known to us.

The substituted varieties are sent for your approval, and while we hope and feel sure you will agree to what we have done with a desire to serve your best interests, you are at liberty to send back any such goods and we will promptly credit you with their value.

Send the money with your order for Bulbs and we will pack free and pay the postage provided the address is within the Union:

Bulb Orders are executed at  
**AYRES' NURSERIES, ROSEBANK, CAPE.**

## ANEMONES.

		Price doz.	100

			40/-
<b>Finest Mixture of All Daffodils</b>			2/6 15/-
We supply an excellent assortment from our fine collection.			

## GLADIOLI.

In this section we are listing a very fine range of all the most popular hybrid types as well as a choice range of individually named varieties of fine exhibition type. There is no more satisfying hobby than the cultivation of these intensely beautiful flowers and in South Africa they thrive as they do nowhere else for it is the home of numerous native species and the climate is quite suitable.

In over-seas catalogues most of the dwarf types are described as "early-flowering," but we think the term misleading for South Africa and from our experience we would suggest that most of the dwarf varieties will be found useful for spring planting to flower in summer after the larger types have finished blooming, thus providing a longer flowering period for these popular plants.

Single Bulbs charged 3d. less when included in a dozen.

# GLADIOLI.

		Price each	doz.
<b>Alice Tiplady</b>	... <i>Primulinus Hybrid</i>	1/-	5/-
Beautiful orange-saffron, splendid for cut-flower.
